FINANCIAL POLICY

It is our goal to provide you the best orthopedic care we possibly can. Please understand that part of your care includes the billing of your insurance-provided we've received the correct and complete information from you.

Please read the following information as it will answer many of your questions regarding our billing policies.

For patients who have no insurance:

• Patients who have no insurance are expected to pay for services rendered at the time of the appointment.

For patients who currently are covered by insurance:

- The patient is responsible to provide us with valid health insurance information and should bring their active insurance card(s) to every visit.
- Our office participates with numerous insurance companies and managed health care programs. For patients that are members of one of these plans, our business office will submit a claim for services.
- We bill secondary insurances as a courtesy (if we are provided with that complete information).

If you have an insurance plan that we are in network or contracted with:

- The patient is responsible to pay any co-payment owing at the time of the visit. Your appointment may be rescheduled if you did not bring your co-payment with you.
- Any medical services not covered by your insurance plan are the patient's responsibility. If you have specific
 coverage questions, contact your insurance company directly using the phone number listed on the back of
 your card.
- Our billing department is available to assist you with your billing questions.

If you have an insurance plan that we are out-of-network or not contracted with:

- We will file a claim with your insurance company, however generally you will have a higher "out of pocket" expense.
- Our billing department is available to assist you with your billing questions.

If you are covered by an HMO or Managed Care Plan:

- The patient is responsible to pay any co-payment, or any portion of the charges as specified by the plan at the time of the visit.
- The patient is responsible to ensure that any required referral for treatment is provided to the practice no later than at the time of the visit. Without a current referral, your appointment may need to be rescheduled or you will be financially responsible for the charges for that treatment or visit.

If you have a current Workman's Comp claim or were hurt at work:

• Your initial appointment needs to be made by your claims adjuster.

HIPAA NOTICE OF PRIVACY PRACTICES

I consent to the use of my protected health information by Sports Medicine Institute for the purpose of diagnosing or providing treatment to me, obtaining payment for my health care bills or to conduct health care operations of SMI.

I have the right to revoke this consent, in writing, at any time, except to the extent that SMI has taken action in reliance on this consent.

My "protected health information" (PHI) means health information, including my demographic information, collected from me and created or received by my physician, another health care provider, a health plan, my employer, or a health care clearing house. This protected health information relates to my past, present, or future physical or mental health or condition and identifies me, or there is a reasonable basis to believe the information may identify me.

I understand I have the right to review the Notice of Privacy Practices (NPP) for SMI prior to signing this document and it will be made available to me upon request. The NPP describes the types of uses and disclosures of my protected health information that will occur in my treatment, payment of my bills or in the performance of health care operations of SMI. The NPP for SMI is also provided at the front desk. The NPP also describes my rights and SMI's duties with respect to my protected health information.

Electronic Format: I acknowledge that my records are stored in an electronic format. I understand SMI maintains their patient records in an electronic format except for patients who have not been seen since the conversion to electronic medical records. Original documents are destroyed after being converted to electronic format.

I understand the information presented above in regard to my medical information and that I have the right to obtain a

SMI reserves the right to change the privacy practices that are described in the NPP.
